

What is ACFAP?

The American College of Foot and Ankle Pediatrics is the American Podiatric Medical Association's only recognized group of experts in the subspecialty of Podopediatrics. As an affiliate clinical interest group, under the APMA, our goal is to educate both our colleagues and the general public on the importance of caring for children's feet.

Mission Statement

The American College of Foot and Ankle Pediatrics strives to disseminate new and advanced information on the latest techniques in pediatric foot and ankle care. This is done through our participation in seminars, lectures, publications and digital media.

What we do

We dispense information to the public on the proper care of their child's feet. We promote commitment to, and excellence in, the medical and surgical management of pediatric foot and ankle pathologies.

The American College of Foot & Ankle Pediatrics is excited and proud to announce its 8th Annual ACFAP Pediatric Foot & Ankle Seminar. The Seminar will take place in Moab, UT on October 19-21, 2023.

This CME event will feature leading authorities on pediatric foot & ankle conditions. It will cover topics ranging from pediatric H&P, flatfoot, equinus, sports medicine, surgery, and rotational conditions. The meeting will be preceded on Thursday October 19 by a one day national park excursion.

Featured at this meeting will be spectacular Arches National Park.

At the Conclusion of this meeting, the attendee shall be able to:

- Develop effective Protocols for treating the pediatric patient.
- Effectively evaluate surgical vs. non-surgical options for many common Pediatric foot & ankle pathologies.
- Improve patient outcomes in the pediatric patient for common conditions such as flatfeet, juvenile HAV, and Equinus.
